Memo to File:

RE: A. U. Associates
Rocking Chair Mine
ACT/045/014
Tooele County

This area was visited by Division personnel Cleon Feight and Jim Smith on January 7, 1981, to locate the minesite and observe any activities taking place. Due to the fog, it was difficult to view much of anything. After talking with a surveying crew for A. U. Associates and driving through the area, it was obvious that the only activity occurring was ore sampling and claim surveying along the Clifton Flat Road. The survey crew was asked to have Mr. Gifford contact the Division so that the approval process may be finalized.
